

UHped

Norwegian Network for Teaching and Learning in Higher Education

Annual report 22.5.17 - 21.5.18

Translated from Norwegian and prepared for ICED in May, 2018.

The board has consisted of:

Ivar Nordmo, University of Bergen (Chairman)

Trine Fosslund, University of Tromsø

Eilef Johan Gard, University of Stavanger

Gunnar Horn, University of Agder

Anne Kristin Rønsen, Western Norway University of applied Sciences

Katja Hakel, Norwegian University of Science and Technology

Vegard Moen, University of Stavanger

Members

By 31.12.2017 the Network had 18 member institutions with a total of 88 individuals in Educational Development positions. The slight reduction in membership institutions is due to fusions of some of our previous members.

Board meetings

The board has met 6 times (4 of them by Skype) addressing the work program laid out below.

Political work

A workgroup consisting of Yngve Nordkvelle, Hans-Erik Lefdal, Gunn Engelsrud and Ivar Nordmo, has continued cooperation with The Norwegian Association of Higher Education Institutions.

Network seminar in Stavanger, November 2017

30 members met for a full day seminar arranged by The University of Stavanger addressing several topics.

National Conference on Teaching and Learning in Higher Education, Trondheim, May 2018.

This year's conference with the title "Spaces for learning", had to be cancelled due to low interest by our members. At the (extended) deadline, only 41 persons had registered for the conference. This is only half of the expected and usual number. The reasons for the low interest is unclear.

Web

www.uhped.no has been further developed as a membership information website.

Webinars

A series of 6 webinars took place in 2017 as a way to share knowledge between Network members. Videos of the webinars are linked to our webpage as resources for Educational Developers and others interested in the topics.

International cooperation

ICED

Our Network is a member of ICED (International Consortium for Educational Development) with Ivar Nordmo on the ICED council. As Nordmo will not be able to participate in the ICED council meeting in Atlanta, June 2018 - Yngve Nordkvelle will be our Network's representative.

Grants

UNIPED was awarded a grant of 50.000NOK to be spent arranging the 40th anniversary celebration of the Journal in Oslo, September 2018, open to the members of the Network.

Economy

The Network has a good economy and can plan a number of activities for the next year.

Annual meeting 2018

The meeting will be arranged in September 2018 in Oslo in conjunction with the 40th anniversary celebration of our Journal UNIPED.
